# Treatment Study

Are you:

- A Veteran of the 1990-1991 Gulf War?
- Experiencing several chronic health problems consistent with Gulf War Illness including cognitive symptoms?
- Not currently receiving treatment for Gulf War Illness?

**YOU** may be eligible to participate in a novel treatment study. We are exploring the possible health and cognitive benefits of D-Cycloserine medication.

Boston University - Charles River Campus  
Institutional Review Board  
Approved: 10/12/2017 - 02/28/2018

You will receive the study drug or placebo for 28 days and will be tested on attention and memory. The study consists of six visits and will last about two months. You will receive compensation for your participation in this study.

*If you are interested in participating in this study or learning more about it, please contact us at 617-358-3048 or [afcoyne@bu.edu](mailto:afcoyne@bu.edu)*

648 Beacon Street, 2<sup>nd</sup> floor, Boston MA 02215
