

Uganda Russia Boston Alcohol Network for
Alcohol Research Collaboration on HIV/AIDS

Immunity and Inflammation in HIV and Alcohol's Potential Role

Tuesday, April 28th 12:00-1:00PM

Crosstown Building, Room 2128 (GIM Seminar Room)

Presented by Peter W. Hunt, MD

Dr. Peter Hunt is an Associate Professor of Medicine in the HIV/AIDS division at the University of California San Francisco and Chair of the AIDS Clinical Trials Group's Inflammation and End Organ Disease Transformative Science Group. He currently leads a translational research program in Mbarara, Uganda, focused on the determinants of immune recovery during suppressive antiretroviral therapy in that setting.

Lunch will be provided. Contact carly.briden@bmc.org to RSVP.
