

## Ayla Kutlu

1938-

Ayla Kutlu is one of the literary virtuosos of her generation. She has authored novels, short stories, and children's books. Kutlu's writing sheds light on problems that ordinary people face. "Ay ve Su", like the other poignant stories in the collection *Sen de Gitme Triyandafilis*, is rich in imagery, set in a background reflecting the cultural mosaic that was once Anatolia.
