## Volunteer – Make a Difference in the Lives of Boston Youth!

South End Soccer's mission is to give children, ages 5-19, in the South End, Chinatown, Roxbury and beyond the opportunity to play soccer and **engender a love of the game regardless of prior experience or economic means**. We are a volunteer based, 501c3 organization committed **to breaking down barriers so urban youth** are able get on field, have fun and learn the game; we bring together families and neighbors thus creating community and building bonds beyond the field; we partner with Mass Youth Soccer, the City, schools, youth programs and soccer programs to increase opportunities for urban youth to be exposed to soccer and develop their skills; we engage the support of parents, community members and businesses to make these opportunities possible for any youth wanting to play; and, we raise all funding needed for our programs including equipment and uniforms. Our programming includes recreational league for over 350 youth (September – November), travel teams for over 150 youth (Fall & Spring), winter clinics and training, and soccer clinics for inner-city summer youth programs serving over 800 youth annually. All our programs have no required fees – yes, they are FREE!

### Opportunities To Volunteer & Have Fun!
