Participants
will each
receive a \$40
giftcard

RESEARCH

- This study aims to better understand siblings' experiences with cancer treatment
- We want to hear about siblings' experiences:
 - going to the hospital or clinic
 - learning about cancer
 - spending time with their brother or sister who is sick
 - as well as other cancer-related experiences!

PARTICIPANTS

- We are looking for **parents** and **siblings** (ages 8-18) of children with cancer to participate
- Participants will complete a set of online questionnaires and a remote interview
