

Organizers

Charles DeLisi, Metcalf Professor of Science and Engineering, Department of Biomedical Engineering, College of Engineering, Boston University

Michael MacCracken, Chief Scientist for Climate Change Programs, Climate Institute, Washington, D.C.

Aristides Patrinos, Chief Scientist, the Novim Group

Steering Committee

Daniel Drell, Former Manager, Microbial and Environmental Programs, Office of Biological and Environmental Research, Department of Energy

Mary Dunlop, Associate Professor, Department of Biomedical Engineering, Boston University

Ahmad Khalil, Associate Professor, Department of Biomedical Engineering, Boston University and Associate Director of the BU Biological Design Center

Rachel Levinson, Executive Director of National Research Initiatives for ASU, Washington D.C.

Daniel Segrè, Professor of Biology, Biomedical Engineering and Bioinformatics, and Director of the Microbiome Initiative, Boston University

Zhiping Weng, Li Weibo Chair of Biomedical Research and Director of the Program in Bioinformatics and Integrative Biology, University of Massachusetts School of Medicine

Administrative Contacts

Johanna Vasquez, Administrative Coordinator, Graduate Program in Bioinformatics and Systems Biology, Boston University

Caroline Lyman, Assistant Director, Graduate Program in Bioinformatics and Systems Biology, Boston University
