

Advances in Organic Electronics Research Symposium

Hosted by: Professor Malika Jeffries-EL

Monday 26th November, 3.30 to 5 pm, SCI 113, 590 Commonwealth Ave.

3 pm	Refreshments	SCI 103
3.30 pm	Nonfullerene acceptors for commercially viable organic photovoltaics Dr Derya Baran <i>Assistant Professor of Material Science and Engineering at King Abdullah University of Science and Technology (KAUST)</i>	SCI 113
4.15 pm	Organic semiconductors for thermoelectric energy generation Dr Bob C. Schroeder <i>Lecturer in Organic Chemistry at University College London (UCL)</i>	SCI 113
5 pm	Closing remarks	SCI 113
