

Medicine Price Data Collection Form

Use a separate form for each medicine outlet

(Read this to the study participant)

"Boston University in collaboration with Novartis and IPA is conducting a study on the availability and price of medicines for four chronic diseases (Asthma, breast cancer, diabetes, and cardiovascular diseases (hypertension, dyslipidemia and Heart failure) in Kenya. We would like ask you a few questions on the availability and price of these medicines in your facility. We would be grateful if you could respond as honestly as possible to these questions. Thank you so much for giving us this opportunity to speak with you"

Section A: Facility information

Date : _____

County ID: _____

EA ID _____

Name of town/village:

Name of medicine outlet :

Medicine outlet unique survey ID (mandatory):

Distance in km from nearest town (population >50 000):

Type of medicine outlet :

Public sector facility (hospital/clinic - specify level of care below):

- Level 5 facility
- Level 4 facility
- Level 3 facility
- Level 2 facility

Private non-profit health facility (hospital/clinic - specify the level of care below)

- Level 5 facility
- Level 4 facility
- Level 3 facility
- Level 2 facility

Pharmacy/Chemist

Type of data:

- Sample outlet *(not to be collected at baseline)* validation visit

Name of manager of the medicine outlet:..... Tel. No.1: Tel. No.2:

Name of person(s) who provided information on medicine prices and availability (if different from manager):..... Tel. No.1 Tel. No. 2

Name of data collectors: _____

Section B: Medicines availability and price

Lowest priced generic equivalent product: determined at facility

Generic name, dosage form, strength	Medicine Type	Available yes/no	Brand or product name(s)	Manufacturer	Pack size recommended	Pack size found	Price of pack found - (patient price)	Unit patient price (4 decimal places)	Comments
Amitriptyline 25mg 25mg Tablet	Originator brand				100			per Tablet	no originator brand
	Lowest-priced generic				100			per Tablet
