

Novartis Access Evaluation

Medicine Price Data Collection Form - Surveillance

Use a separate form for each facility

Section A: Facility information		
Date : _____		
Health facility unique survey ID:		
County: _____		
Name of health facility:		
Name of person(s) who provided information on medicine prices and availability	Tel. No.1	Tel. No. 2
Name of data collector(s):		
Is this a telephone call or a household visit?		
<input type="radio"/> Telephone call		
<input type="radio"/> Facility visit (Skip to Step 1b)		

DRAFT

Step 1a: Introduce yourself (data collection on phone)

"My name is [First name, Last name], from Innovations for Poverty Action (IPA). Can I speak with [Name of Participant]? In September, we visited you to collect data on the availability and price of medicines for four chronic diseases (Asthma, breast cancer, diabetes, and cardiovascular diseases (hypertension, dyslipidemia and heart failure). As you would remember, this study is being conducted by Boston University in collaboration with IPA. We are following up to ask you a few questions on the availability and price of these medicines in your facility on phone. These questions are similar to the questions we asked you before. This survey will take about 20 minutes. Are you available to give us this information now?"

NO (Not interested in participating) _____ (STOP! Thank the participant for their time)

NO, not now but later, (Ask him/her to give you a time they can speak to you. Thank the participant for his/her time)

YES _____ (proceed with interview)

Thank you so much for giving us this opportunity to speak with you. We would be grateful if you could respond as honestly as possible. We may visit your facility in person to confirm the data collected on phone. Is this OK with you?

YES

NO

OR

Step 1b: Introduce yourself (data collection in person)

"My name is [First name, Last name], from Innovations for Poverty Action (IPA). May I talk to [Name of Participant]? We recently called you on phone to collect data on the availability and price of medicines for four chronic diseases (Asthma, breast cancer, diabetes, and cardiovascular diseases - hypertension, dyslipidemia and heart failure). As you would remember, this is part of a study being conducted by Boston University in collaboration with IPA. We are following up a few of the facilities we called to confirm the information collected on phone on the availability and price of medicines in your facility. We would be grateful if you could show us the following medicines in your facility and also answer any additional question we have on them. Thank you so much for giving us this opportunity. This survey will take about 20 minutes. Are you available to speak with us now?"

NO (Not interested in participating) _____ (STOP! Thank the participant for their time)

NO, not now but later, (Ask him/her to give you a time they can speak to you. Thank the participant for his/her time)

YES _____ (proceed with interview)

Section B: Medicines availability and price
