

Amendment ID: S2372-106-R2

2nd Redraft Amendment 106

Electromagnetic Induction Study

Mr. Tarr moves to amend the bill by striking subsection (j) in SECTION 12 in proposed Section 83C in its entirety and inserting in place thereof the following:-

"(j) A long-term contract procured under this section shall utilize an appropriate tracking system to ensure a unit specific accounting of the delivery of clean energy, to enable the department of environmental protection in consultation with the department of energy resources, to accurately measure progress in achieving the commonwealth's goals under chapter 298 of the acts of 2008 or chapter 21N of the General Laws; provided, however, for purposes of this section only, a long-term contract procured under this section shall also require an accounting of life-cycle emissions from the clean energy generation resource, to be reported to the department of environmental protection on an annual basis."

and further amend by striking subsection (j) in SECTION 12 in proposed Section 83D in its entirety and inserting in place thereof the following:-

"(j) A long-term contract procured under this section shall utilize an appropriate tracking system to ensure a unit specific accounting of the delivery of clean energy, to enable the department of environmental protection in consultation with the department of energy resources, to accurately measure progress in achieving the commonwealth's goals under chapter 298 of the acts of 2008 or chapter 21N of the General Laws; provided, however, for purposes of this section only, a long-term contract procured under this section shall also require an accounting of life-cycle emissions from the clean energy generation resource, to be reported to the department of environmental protection on an annual basis."
