

Amendment #48 to H4377**Ensuring the most Cost-effective Off-Shore Wind Contract for MA Ratepayers**

Representatives Jones of North Reading, Hill of Ipswich, Poirier of North Attleborough, Gifford of Wareham, Frost of Auburn and Smola of Warren move to amend the bill in Section 1, in line 48, by inserting after the words “previous solicitation”, the following words: -

“; provided, however that following the first procurement period, the levelized cost of the energy, transmission, renewable energy certificates and capacity procured pursuant to any long-term contract shall decrease with each additional solicitation and resulting procurement”.
