

Amendment ID: S2372-98

Amendment 98

Authorization to Procure Hydropower through Multi-State Clean Energy request for proposals

Mr. Brady moves to amend the bill in line 82, after the definition of “clean energy generation” by adding the following definition:--

“Clean energy request for proposals”, a request for proposals issued jointly by state agencies and electric distribution utilities in Massachusetts, Connecticut and Rhode Island dated November 12, 2015.

And inserting in line 273 after the word “states” by inserting the following:--which shall take into account any generation under the clean energy request for proposal not yet contracted at the date of enactment of this bill.

And inserting in line 273 after the words “1 or more” by inserting the word “additional”

And inserting in line 277 after term “2018”, by inserting the following:- including generation contracted under the clean energy request for proposals.
