

Refusal to pay the proper charge for the use of any... the giving of a bad or worthless check in payment of... shall be prima facie evidence of such intent to defraud.

90:32G. Instruction for hire in operation of motor school; licensing; application; fees; qualifications, pension or revocation of license or instructor's certificate

Section 32G. No person, and no public high school, municipal or regional school committee or private school, teaching driver education to students enrolled in its academic program or in a school under its authority or as a condition of a program, shall engage in the business of giving instruction for hire in the operation of motor vehicles without being licensed as a driver school, which shall include any form of instruction, for each class of driver's license recognized under this chapter. A person giving instruction for hire shall maintain an office at each such place of business. Application for a license shall be filed with the registrar and shall contain the information as he shall prescribe. Each such application shall be accompanied by an application fee, which in no event shall exceed the amount funded. If an application is approved by the registrar, the registrar shall upon payment of an additional fee for a main office and for a branch office shall be granted a license, which shall be valid for one year from the date of its issuance. There shall be a fee for each renewal thereof for a main office and for a branch office. Application, license, and renewal fees shall be determined by the commissioner of administration under the provisions of section three B of chapter seven. The registrar shall issue a certificate to each licensee, which certificate shall be displayed in the place of business of the licensee. In the event of mutilation, or destruction of a license certificate, the registrar shall issue a duplicate certificate upon a proper proof thereof. A fee to be determined also under the aforementioned section seven provision. Every motor vehicle or semi-trailer used exclusively in or upon any private area and which is used by a student driver shall comply with standards for safety and equipment established under section seven. The vehicle shall be available for inspection by the registrar or his representative during reasonable business hours.

A public high school, vocational school or municipal or regional school committee that previously provided a driver education program pursuant to section 13D of chapter 71 shall be deemed to have established a driver education program pursuant to this section.
