Citizenship Affirmation	I am a U.S. Citizen
Residency Affirmation	I am a resident of the Commonwealth of Massachusetts
Statement of Intent	I intend to comply with and advance the policy established by this Act.

Statement of Interest	I believe the U.S Supreme Courts' decision in favor of CItizens United was a mistake and as a result has had grave unintended consequences for campaign financing. The decision has also given corporations by and large more of a foothold and negative influence in our politics benefiting both major parties and elected officials. A thorough examination of this landscape and subsequent avenues to remedy this through a proposed amendment to the U.S Constitution is surely warranted.

I believe based on my education, military background, my current employment as well as my civic duties i would bring a wealth of experience, a depth of knowledge as well as analytical skills to this commission. I earned my bachelor's degree from The University of Texas at Austin majoring in Government. I'm a decorated retired Army veteran who served 25 years in the Army Reserves which included 2 tours of Active Duty. While serving I was a Human Resources Specialist which allowed me to gain some invaluable interpersonal skills. Currently, i'm a substitute teacher in the towns of Needham, Wellesley and Natick while seeking teacher licensure in History and Humanities.

My civic duties include serving on both the Framingham School Committee and Framingham School Building Committee as a non-voting member. As a result of my civic engagement and passion to improve our schools i was recently nominated by Rep. Jack Patrick Lewis and awarded the Black/Latino Excellence in Leadership award. |
