**SCORING and KEY:** Each "X" is worth one point, out of a total of twelve points that span ten categories. Categories three and four have two sub-parts, which are each worth one point. The year "2011" is also worth one point and indicates that the bill was signed into law during the 2011 Legislative Cycle. An asterisk indicates that a state has passed a law that partially covers the category, but did not receive the full point because it did not meet the requirements of the category description. The asterisk is meant to signify our recognition of the state's efforts to pass the law required to receive credit.
