Still looking- meanwhile, there is a site that's looks like it may have an audio feed- I can't open it, but here is the link. Maybe you will have better luck-

More later.

Hi Ms. Anderson,

I spoke with you earlier this morning regarding my legislative history project for Senate Bill No. 75 - An Act Further Regulating the Placement of Certain Children and am sending you this email as a follow up to our conversation.

As a part of the legislative counseling clinic that I am in at Boston University School of Law, I am working to gather as much information as possible regarding the passage of Senate Bill No. 75 from 2007. I have already searched on the Massachusetts General Court's website, Statehouse news Services and Westlaw and have been in contact with both the House and Senate Committees on Children, Families and Persons with Disabilities. Since Senator Creem was the sponsor of the bill, I was hoping that you might have some information as well. I am looking for information such as written testimonies, bill summaries, and reports. While we are gathering the information this semester, it will be a part of an on-going project for the clinic in an attempt to make legislative histories more readily available.

Any assistance that you could provide would be greatly appreciated.

Thank you for your time,

Michelle Kick
