Who did you meet with?

State House Librarian

Purpose:

Find and copy materials for the Legislative History Project

Description / content of meeting:

Talked with the librarian regarding my project. She suggested I look at the Daily Digests from the State House News Service and directed me to the internet. She did not have a lot of information in the library and what she did have was, for the most part, available online. She gave me a handout on finding legislative history, she looked to see if there were any special reports or information in the library's subject files. There was nothing of use in either of those locations.

Follow up:

None required

Was the meeting useful?

No

Who did you meet with?

Senate Clerk

Purpose:

Find and copy materials for the Legislative History Project

Description / content of meeting:

Talked with the Senate Clerk's office liaison. He showed me the computer access and printed a bill history for me that was slightly different from the one available through the Mass.gov website. The remainder of the information that he had was from the website.

Follow up:

None required

Who did you meet with?

Charles Glick, Charles Group Consulting

Purpose:

Find and copy materials for the Legislative History Project

Description / content of meeting:

Met with Charles Glick at his office. Mr. Glick provided me with access to his files. In addition he printed materials that he had electronically for me to take.

Follow up:

Mr. Glick would like to be informed when the histories are made available. He also suggested another bill, the Wage Act, that his Group just worked on that might be appropriate for someone to work on next semester.

Was the meeting useful?

Yes
