

Mobile and Electronic Health ARC (ME-ARC)
October Seminar

**Enhancing Clutter Assessment with AI and
Machine Learning**

Jordana Muroff, PhD & Janusz Konrad, PhD

Thursday, October 23rd

12:00-1:00pm

Via Zoom:

<https://tinyurl.com/mearc-fall25>

Dr. Jordana Muroff is the chair of the Clinical Practice Department, professor at Boston University's School of Social Work, and faculty affiliate of the Rafik B. Hariri Institute for Computing and Computational Science and Engineering. A dedicated researcher-clinician, Dr. Muroff's work focuses on developing evidence-based mental health assessments and interventions that are accessible, engaging, and culturally and linguistically responsive, through strong community collaborations and technology innovation.

Dr. Janusz Konrad is the director of the Visual Information Processing (VIP) laboratory, professor at Boston University's Department of Electrical and Computer Engineering, member of the Center for Information and Systems Engineering (CISE), and faculty affiliate of the Rafik B. Hariri Institute for Computing and Computational Science and Engineering. Dr. Konrad's work centers around visual information processing and specifically image and video processing, analysis and compression.

ME-ARC PI & Director: Belinda Borrelli, Ph.D.

Leadership Team: Daniel Fulford, Ph.D. (Co-Director), Joanne Murabito, M.D. (Co-Director), Lisa Quintiliani, Ph.D.
