

NEPHTC sponsors trainings with diverse organizational/association partners across New England. We seek trainings that support the NEPHTC/HRSA mission of developing the competency of the public health workforce. Priority is given to trainings related to "cross-cutting skills" (www.debeaumont.org/consortiumreport) or HHS priority areas (opioids, mental health, childhood obesity, other hot topics). Sponsorships are \$200-\$1000, depending on estimated number of participants, topic and organizational need.

For each training (submissions for multiple session are permitted), you are asked to report your available attendance and evaluation data (see page 2). To apply, please describe your training, on page 1 of this form or in email to Karla Todd, Program Manager. Questions? toddks@bu.edu

TRAINING TITLE

Length (hours): _____

Date (if live): _____

Estimated Number of Participants: _____

Do you have learning objectives? YES NO

Course approved for continuing credit? YES NO

Delivery mode: CLASSROOM SELF-PACED WEBINAR

HYBRID Describe: _____
