

ABOUT US

NEPHTC works in collaboration with state and local departments of health, associations, and community organizations in public health and health care.

Together, we deliver, develop and market a wide range of trainings.

Our trainings are based on partner needs and public health trends.

GET TRAINED

Many trainings and services are free of charge.

NEPHTC, managed by Boston University School of Public Health, is supported by the Health Resources and Services Administration (HRSA) under grant number UB6HP31685. This information should not be construed as the official position or policy of, nor should any endorsements be inferred by HRSA, HHS or the U.S. Government.

If your organization or association would like to host a live training for your employees or membership, "pop up" trainings developed for our target public health audiences are available for a fee. Please visit

sites.bu.edu/nephtc/partners/partner-resources/ and click "See Available Pop Up Trainings" to learn more.
