

Engagement, Education, Resources, and Empowerment: The Essential Role of Community Health Workers in Addressing the Opioid Epidemic Webinar 2

Haner Hernández,
Ph.D., CPS,
CADCII, LADCI

Adalberto Cotto
Prevention and
Navigator Coordinator
Hamden County

Dr. Robert Roose, Chief,
Addiction Medicine &
Recovery Services,
Trinity Health Of New England

Subject Matter Experts:

Part II of a two part webinar series giving an overview of the opioid epidemic, both at the federal and state level, focusing on origins and trends related to opioid use disorder and opioid overdose.

Part II of this two part webinar series will provide:

- Discussion of effective strategies for addressing the opioid epidemic focusing on prevention, intervention, and treatment of opioid use disorder – and supporting individuals in recovery. (This will include information on naloxone and medication treatment).
- A review of models or potential strategies to incorporate CHWs into prevention, intervention, treatment and recovery support.
- Specific steps that CHWs can take when working with persons or families impacted by opioid use disorder to improve care or support recovery.
