We deliver a wide range of training programs and services that strengthen the public health workforce.

NEPHTC works with state and local departments of health, associations, and community organizations in public health and health care.

Our training priorities are based on partner needs and public health trends.

Most training and services are free of charge.

If your organization would like to host training in any modality for your employees or membership, contact us. For a list of popular live training, visit sites.bu.edu/nephtc/partners/partner-resources/ and click “See Available Pop Up Trainings.”
