Stroke Research

Have you experienced a **Stroke**? If so, do you want to **improve your walking** and help us **develop new treatments**?

Gait Training

We are studying how gait training with a physical therapist, both with and without music, can improve walking after stroke.*

Am I eligible?

- Age 50 and older
- Had a stroke more than 6 months ago
- Can walk without help

Compensation

You will get up to \$425 and free parking

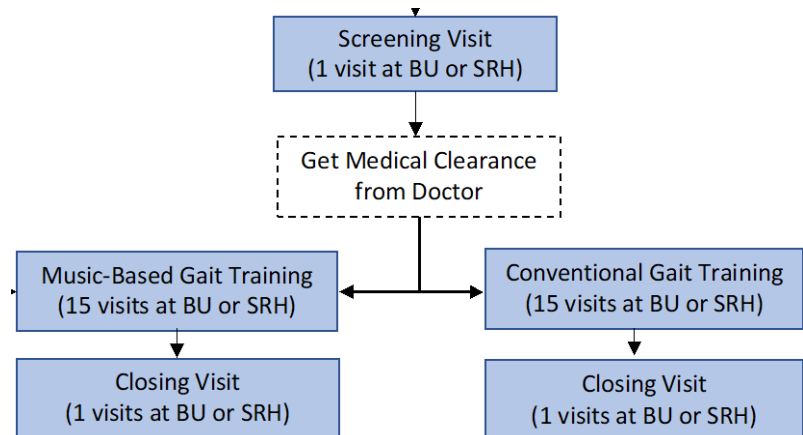

**BOSTON
UNIVERSITY**

Neuromotor Recovery Lab
Boston University
100 Ashford St.
Boston, MA 02215

What does the study involve?

Up to 17 visits at Boston University or Spaulding Rehabilitation Hospital where you will receive *free* gait training with a physical therapist

To participate at Boston University, contact us at:

GaitLab@BU.edu

Phone: 617 - 500 - 3645

To participate at Spaulding, contact us at:

cadans-destier@partners.org

Phone: 617 - 952 - 6321

**Note: Additional study-specific criteria will be used to help determine study-specific eligibility. Random assignment to intervention groups will be implemented.*
