Let's Declutter!

Are you feeling overwhelmed by too much stuff? Are you ready for your home and office to feel and function better? Feng Shui believes that clean, uncluttered spaces lead to peace and tranquility. Come learn the meaning of the stuff we hold onto and strategies to get more organized. This workshop has all of the inspiration you need to get started on your decluttering process. Ample time will be given for questions. Your facilitator, Lisa Law, is a Feng Shui Consultant, Author and Coach. She looks forward to helping your spaces feel and function better.

Unleashing your creativity: Learning the art of mediation via Zentangle

Zentangle® is an easy-to-learn, relaxing and fun method of creating beautiful images with structured patterns. With its simple process and focus on the practice of putting pen to paper, Zentangle encourages you to slip into a state of relaxed focus and open up to your imagination. No artistic experience is necessary.

Taught by Certified Zentangle Teacher® Katie Crommett, students will create at least one piece of Zentangle art in the session, and leave the class with materials to create more. Katie highlights the meditative aspect of this art form and how this practice can benefit students of all ages.

2.0 nursing contact hours per session

Boston Children's Hospital Community Education Initiative
