

## **PhD STUDENT COLLABORATORS**

Mario Aguilar, Principal Scientist, Teledyne Scientific & Imaging  
Robert Ajemian, Research Scientist, MIT  
Heather Ames, Research Assistant Professor, Boston University  
Karl Arrington, Owner/Chief Scientific Officer, Arrington Research, Inc.  
Yousif Asfour, Chief Information Officer, New York University Abu Dhabi  
Aijaz Baloch, Vice President of Operations, Techlogix, Inc.  
Julia Berzhanskaya, Research Scientist, George Washington University  
Rushi Bhatt, Research Scientist, Yahoo!  
Ian Boardman, Research Software Engineer, Hewlett-Packard  
Gary Bradski, Vice President, Magic Leap, Inc.; President/CEO, OpenCV  
Joshua W. Brown, Associate Professor, Indiana University  
N. Andrew Browning, Group Leader, Scientific Systems Company  
Seth A. Cameron, Owner, Cameronsound, Inc.  
Ben Chandler, Research Scientist, Hewlett-Packard Laboratories  
Hung-Cheng Chang, PhD Student, Boston University  
Jonathan Chey, Managing Director, Irrational Games  
Paul Cisek, Associate Professor, University of Montreal  
Jose Contreras-Vidal, Professor, University of Houston  
Mark Dranias, Research Fellow, Duke-National University of Singapore  
Graduate Medical School  
David M. Elder, Graphics Programmer, Tripwire Interactive LLC  
Samuel A. Ellias, Associate Professor, Boston University Medical Center  
Liang Fang, Developer, Interactive Brokers  
Arash Fazl, Neurology Resident, Mount Sinai Hospital  
John C. Fiala  
Nicholas Foley, Postdoctoral Scientist, Columbia University  
Bret Fortenberry, Engineer Scientist, Intellisis Corporation  
Gregory Francis, Professor, Purdue University  
Daniel Franklin, Editorial Director, Pearson Education  
Gregory Gancarz, Principal Scientist, PointPredictive, Inc.  
Paulo Gaudiano, President and CTO, Icosystem Corporation; Founder and CEO, Infomous, Inc.;  
President, Concentric, Inc.  
William Gnadt, Systems Engineering Manager, Lockheed Martin  
Alan Gove, Lead Engineer, BAE Systems Advanced Information Technologies  
Krishna Govindarajan, Research Scientist, Nuance Communications  
Douglas Greve, Instructor, Harvard Medical School;  
Assistant in Neuroscience, Massachusetts General Hospital  
Alexander Grunewald, Senior Director, McKesson Corporation  
Frank Guenther, Professor, Boston University  
William E. Gutowski  
Simon Hong, Research Scientist, MIT  
Piers Howe, Senior Lecturer, University of Melbourne  
Seungwoo Huang, Research Scientist,  
Korean Research Institute of Bioscience and Biotechnology  
Tsung-Ren Huang, Assistant Professor, National Taiwan University

Richard Ivey, Senior Member of Technical Staff, Systems & Technology Research  
Sohrob Kazerounian, Senior Researcher, Nuance Communications  
Frank J. Kelly, Technology leader, Charles River Development  
Levin Kuhlmann, Research Fellow,  
University of Melbourne and Swinburne University of Technology  
Michael Kuperstein, Founder and CEO at Metaphor Solutions, eTrue, and Symbus;  
Co-founder and CTO at ViziApps  
Gregory Leshner, Director of Research, DynaVox Technologies  
Jasmin Leveille, Senior Development Scientist, Co57 Systems, Inc.  
Daniel S. Levine, Professor, University of Texas at Arlington  
Christian Mannes, CEO, Mannes Technology  
Jeffrey E. Markowitz, PhD Student, Boston University  
Natalya Markuzon, Lead Technical Investigator, Draper Laboratory  
Jonathan A. Marshall, Vice President, Acquire Media  
Niall McLoughlin, Senior Lecturer, University of Manchester  
Himanshu Mhatre, Research and Development Engineer, TraceVector, Inc.  
Christopher W. Myers, Deceased  
Carlos A. M. Nogueira, Deputy Portfolio Manager, Van Eck Securities Corporation  
Murat Okatan, Faculty of Technology, Cumhuriyet Universitesi  
Steven J. Olson  
Christopher Pack, Associate Professor, McGill University  
Rainer Paine, Associate Faculty Member, National Institutes of Health  
Jesse Palma, Postdoctoral Research Scientist, Boston University  
Lance R. Pearson  
James Pepe, Reiki Teacher  
Louiz Pessoa, Professor, University of Maryland  
Praveen K. Pilly, Research Scientist, HRL Laboratories LLC  
Christopher Pribe, Lead iOS Engineer, Barnes & Noble/NOOK Media  
Rajeev Raizada, Assistant Professor, University of Rochester  
Dmitri Repin, Professor, State University of Moscow  
John H. Reynolds, Professor, Salk Institute  
Karen Roberts, Vice President of Sales, Icosystem Corporation  
David B. Rosen  
William D. Ross, Group Leader, MIT Lincoln Laboratory  
Aaron Seitz, Professor, University of California at Riverside  
Matthew M. Silver, Postdoctoral Associate, MIT  
David Somers, Professor, Boston University  
Krishna Srihasam, Postdoctoral Fellow, Harvard Medical School  
Karthik Srinivasan, PhD Student, Boston University  
Gregory O. Stone, Associate Professor, Arizona State University  
Gurumurthy Swaminathan, Research Scientist, Amazon  
Massimiliano Versace, Research Assistant Professor, Boston University  
Lavanya Viswanathan, Risk Management Specialist, Goldman Sachs  
Tony Vladusich, Research Fellow, University of South Australia  
James R. Williamson, Technical Staff, MIT Lincoln Laboratory  
Lonce L. Wyse, Associate Professor, National University of Singapore

Arash Yazdanbakhsh, Research Assistant Professor, Boston University

**POSTDOCTORAL COLLABORATORS**

Heather Ames, Research Assistant Professor, Boston University

Daniel Bullock, Professor, Boston University

Yongqiang Cao, Research Staff Member, HRL Laboratories LLC

Michael A. Cohen, Associate Professor, Boston University

Paulo Gaudiano, President and CTO, Icosystem Corporation; Founder and CEO, Infomous, Inc.;  
President, Concentric, Inc.

Anatoli Gorchetchnikov, Research Assistant Professor, Boston University

Frank Guenther, Professor, Boston University

John W. L. Merrill, Research Scientist, Microsoft

Courosch Mehanian, Senior Machine Learning Scientist, Globys, Inc.

Ennio Mingolla, Professor, Northeastern University

Praveen K. Pilly, Research Staff Member, HRL Laboratories LLC

William D. Ross, Group Leader, MIT Lincoln Laboratory

Mark A. Rubin, Contractor, Draper Laboratory

Michael E. Rudd, Research Scientist, University of Washington School of Medicine

Nestor A. Schmajuk, Professor, Duke University

David G. Stork, Research Director, Rambus Labs

Dejan Todorovic, Professor, University of Belgrade

Massimiliano Versace, Research Assistant Professor, Boston University

Arash Yazdanbakhsh, Research Assistant Professor, Boston University
