

Boston University School of Medicine

Are you a Black/African American or Hispanic/Latina woman 18 years or older?

Do you have Type 2 Diabetes?

Source: <http://lauriemarsden.com/>

Are you interested in using an online gaming system to learn about healthy living?

Are your A1c levels greater than 8.0?

The **Women in Control 2.0** research study focuses on helping women learn about diabetes self-management so they may live a healthy life.

Participants will receive a laptop computer as compensation for their time and contribution.
